

Single Shippers

eVT0191-eM-20-BLK

Description: 3-inch Wafer Stiffener, PP ESD

Order Code: eVT0191-eM-20-BLK

Manufacturer: ePAK

Packaging: 50/pk, 1000/cs

MPN: eWV3-76-0.25-eM-20-BLK

Item Notes

- For use in 3-inch single wafer shippers
- Provides support for thinned, brittle wafers
- 76mm diameter
- 0.25mm thick
- Conductive material for static sensitive applications

Material Notes

ePAK eM-20 is an ultra pure, black conductive polystyrene sheet material.

Key Properties:

- Black (carbon powder filled)
- Static dissipative (10^4 - 10^{11} ohms/sq)
- Specific gravity: 1.11 g/cm³
